

Parish of Monks Eleigh

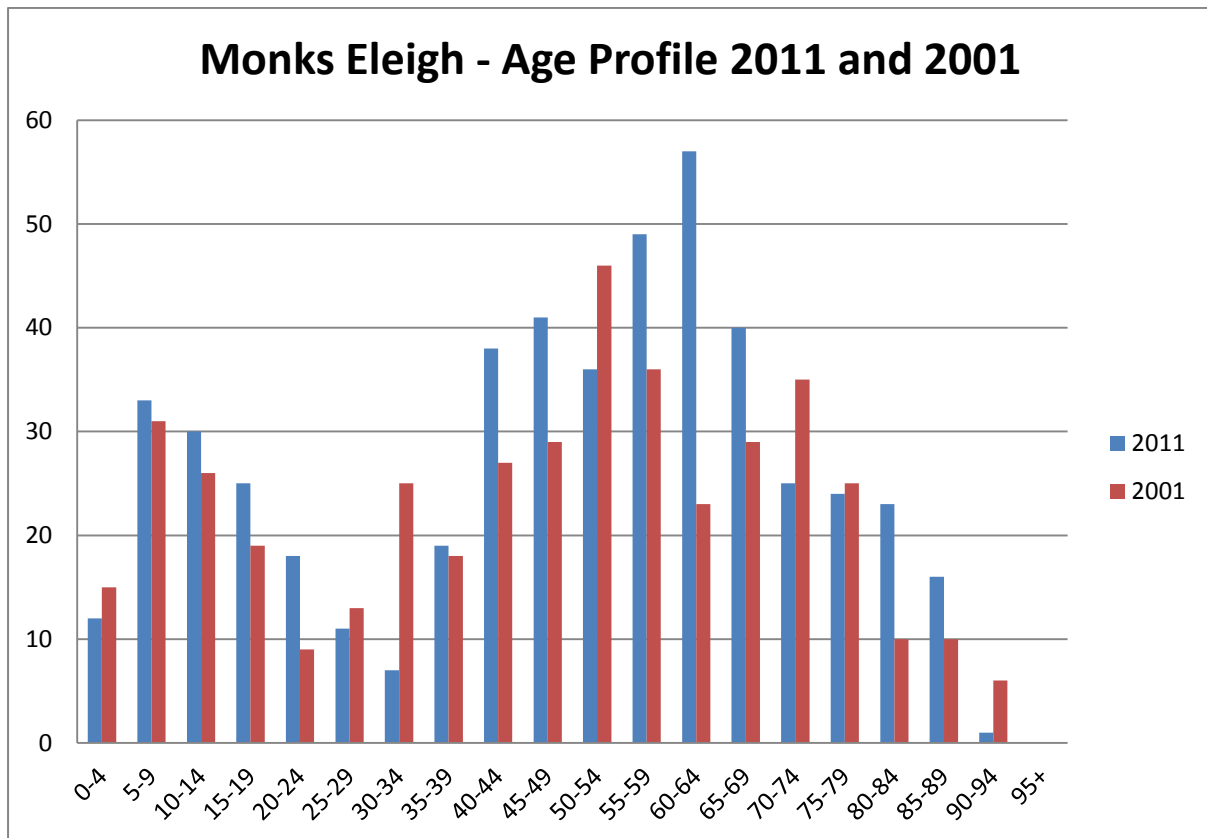

Demographics 2001 – 2011

Source: Census: Office for National Statistics

1. Total Population:

- The population of the parish of Monks Eleigh in 2011 was 505. This compares to 432 in 2001, an increase of 17%.
- This is close to the population in 1921 (510) but still well below the maximum in 1831 (733) though well above the minimum of 1951 (409).

2. Age Profile:

- In line with the overall increase, most age groups increase in size from 2001 to 2011
- Note the low number in 2011 in the 25 to 35 age groups
- The largest age group in 2001 was 50 to 54. Not surprisingly, 10 years later the largest age group is 60 to 64

2. Country of Birth:

- In 2011, 452 villagers (90%) were born in England. In 2001, there were fewer born in England (391) but, with the lower population, the percentage was higher (93%)
